

REMARKS

Along with this amendment is a terminal disclaimer to obviate any obviousness-type double patenting rejection over assignee's two prior related patents. The small entity fees for the disclaimer and for a one-month extension are provided by the attached Form PTO-2038; please charge any further required fees to the undersigned's account no. 502502.

Respectfully submitted,

Dated: March 28, 2005
